## About Us

Shreejkrupa Exports Pvt. Ltd. , Ahmedabad, India takes immense pleasure to introduce itself to your esteemed organization as manufacturers and exporters of textile machinery spares and accessories for various processes. It is being managed with a team of dedicated professionals & technicians who are having distinct experience in the textile industry Apart from having independent presence in over 12 countries it is also being represented globally by local agents in major textile centers of the world. The company participates in regional and international trade fairs to exhibit newly developed products which also updates the buyers and agents. The company is catering to the needs of this industry for over two decades and has carved a niche for itself with consistent quality, service and timely delivery It was established by founder chairperson Mr. Dushyant Shah who visualized the need for quality spares - accessories for man-made fiber industry / synthetic yarn processing machines and cotton industry which required state of the art technology to manufacture precision spares. The company forayed into exports in 1989 and since then it has been constant endeavour to provide unmatched quality and service to all the clients Recent years have seen dramatic changes in the textile industry and to fulfill those needs SEPL has created infrastructure to achieve global demand & quality standards. The company is also having tie-ups with many small scale industries which under...
