About Us

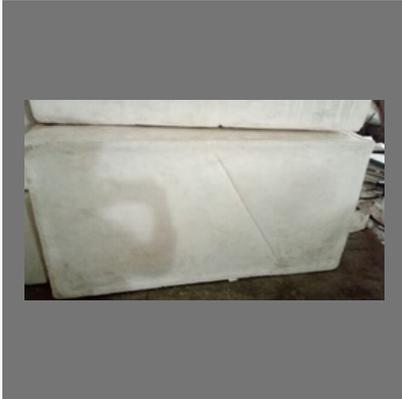

Established in the year **2000**, we, “**Shree Lakshmi Packaging, Nashik**”, are an illustrious **manufacturer and supplier** of an extensive array of **Wooden & Thermocol Packaging Items**. These packaging items are highly appraised by our clients for their high efficiency, durability, robust construction, light weight, Bio-degradable, Eco-friendly and high load bearing capacity. Our packaging items manufactured using premium quality raw material that is sourced from trusted vendors of the market. Moreover, our packaging items find their wide application in accordance with the universally accepted standards & norms. Our state-of-the-art infrastructure base is facilitated with latest and modernized machinery and technologies. Apart from this, we have appointed high experienced and skilled professionals who help us in executing all our activities proficiently within the committed time frame. They have the ability to meet the targets and goals of the company. In addition, they efficiently complete the bulk orders and urgent consignments in due time. Our experienced professionals exactly customize the products as per the specifications detailed down by the customers. Our entire product line is widely being used in pharmaceutical & chemical industries, hospitals and laundries, publishing and printing houses. Under the visionary guidance of our director, “**Mr. Pavithran**”, we have climbed the ladder of...
