About Us

In 1986, Shri Hari Sharan Agrawal founded Vibgyor Color Lab as a Photo Printing Shop using the conventional printing technology of the time. Our first ever setup was at Bhilai. Later, with the advent of time, we started branches at various cities of Chhattisgarh. Looking forward to the business from various cities of Madhya Pradesh, in 1992 we started a branch at Katni, a city outside Chhattisgarh. In due course, we expanded to 13 cities across 3 states. All our branches are now equipped with the latest equipments and deliver the best results to both associates and end users. At Vibgyor, we are committed to "Quality Services in It Timely Manner." We believe that the prints should last with full vibrance even when memories related to those photos start to fade.
