

Shree Enterprises

<https://www.indiamart.com/shreeenterprises-3573407/>

We are one of the manufacturer of transformers and also offering of electrical repairing in the electrical sector. We are also providing licensed electrical contracting HT and LT electrification at site and transformer rental services.

About Us

Real Electricals was established in **1997**, to meet the rising needs for service providers in the Electrical field all over the country. We are interested in offering assistance all over the Indian subcontinent for various electrical purposes like HT & LT Electrification and Transformer Maintenance at Site. On the other hand we also provide Transformers on Rental Basis and Licensed Electrical Contractors for serving our clients needs. Our electrical quality services are always oriented and serve the purpose of the client very well. Moreover our team of experienced and adept professionals is ready 24*7 to help our clients all over the country. Our staff consisting of skilled and semi-skilled professionals is chosen by a vast selection process to ensure the quality of our products. Our research and development team are into searching newer options and better methods to improve our products. Our latest technology machinery ensures that our services follow the latest developments in the market. Thus our turnover is around Rs. 1Crore in the Indian Market itself. **Mr. Dhiren Shah** our kind and able guide who has helped us throughout these years has also been our wonderful mentor. Without his support and knowledge this firm would not been able to make to the heights it has been able to make today.
