## About Us

We **Shri Sadguru Enterprises** are authorised dealers for ultratech solar water heaters and govt. approved contractors for electrical wiring for industrial and domestic panel wiring.

We **Shri Sadguru Enterprises** is a company that manufactures speciality rubber products for static and dynamic applications. Established in the year 1998, the manufacturing facility is located at Hinjawadi, near Pune. Filtrum Polymers maintains technology leadership and world-class quality of its products by adopting thoughtfully formulated strategies on research and development, product design, material and equipment selection, manufacturing, testing, process control, and employee training. On-going programmes of collaboration with leading experts and institutes in the field of rubber formulation, processing and testing helps us take advantage of latest technical developments in rubber technology. Filtrum Polymers has acquired considerable expertise in the application of techniques such as Taguchi Design of Experiments, Theory of Constraints, Statistical Process Control, Value Engineering, Benchmarking, etc. for improving process capability and product performance, enhancing product quality and reliability, reducing cycle time, and minimizing wastage. At Filtrum Polymers the focus is on the processes involved at every stage from concept to commercialization of a product to achieve quality and reliability rather than on inspection at the end. Quality assurance by design rather...
