Unity means strength & strength leads to success. The combined efforts of four companies- **Shriram Machines, Shriram Engineer**

About Us

Unity means strength & strength leads to success. The combined efforts of four companies- **Shriram Machines, Shriram Engineers, Shriram Industries & Shriram Equipments** has helped the parent company **Shriram Group** to reach the pinnacle of success in just 3 years of its formation. Shriram groups caters to a wide range of requirements for **Foundry Machinery and Equipment**. Some of our exquisite range of products include **Shell Core Machines, Automatic Shell Core Machines, Shell Core Blower,Pedestal Grinder, Tumbling Barrel, Sand Blast Machine, Crucible Furnace, Sand Drier, Vibrating Feeder, Fluidised Bed Sand Cooler, Rotary Sand Siever, Belt Conveyor, Vibratory Sand Siever, Shell Core Machines, Resin Sand Coating Plant, etc.** The company was formed in 2006, under the able leadership of a group of expert technocrats and management executives, who had more than 20 years of experience in the foundry machines and equipments industry. The company was started with an aim to bridge the gap in the market for good quality and durable shell core machines and equipment. Our products have been widely appreciated for flawless manufacturing, dimensional accuracy, precise engineering, fine finish, excellent performance and durability. Encouraged by the instant and wide acceptance received by our products, we are consistently endeavoring to introduce new range of quality assured products.
