## About Us

**Sidh Caterers** is committed to provide the superb quality catering service to all of its customers regardless of whatever kind or size of orders. In our ten years of foray in the business, we added the remarkable and lavishing stand pool in the catering and services industry and to take and develop them into the great professionals. Our team work is identified by the passion of their work, creativity and innovation. This multidisciplinary team of professionals allows us to match the challenges the project requires.

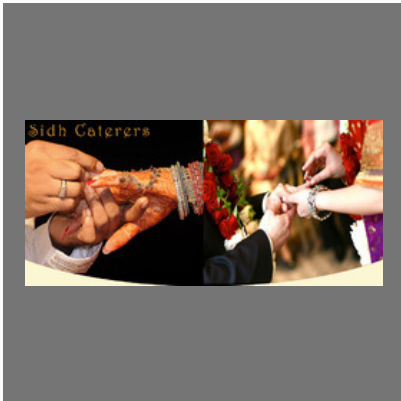

Every occasion comes with a different significance. What is common to all of them is the food quality. Food is the important discussion of any kind of party or events, whether it's a corporate, wedding, kitty party or social party. As like food the ambience of the VENUE is also given the highest priority. We decorate the venues according to the theme of occasion, whether it's wedding, birthday parties or corporate events. The color, theme, and pattern of the decoration we implement in the event with prior discussion and consent of our esteemed customers, so that we can create a friendly and elegant ambience for the event.
