

# Sidh Engineers

<https://www.indiamart.com/sidhengineers/>

Priding ourselves to be identified as one of the fast emerging **manufacturer and supplier of Sheet Metal Components and Heat Sinks**, we have been established to be known as one of the predominant players in the industry.

## About Us

We, "**Sidh Engineers**" established in the year **2010**, has emerged as one of the prime manufacturer and supplier of superior grade quality **Industrial supplies** for general engineering purposes and also for other specific applications. These products manufactured by us are renowned for their durability, high tensile strength and long service life. We are facilitated with technologically advanced manufacturing facility with trained technicians at three locations. We take immense pride in serving our esteemed customers who have entrusted us for our premium quality products, ethical business practices, timely deliveries, adherence to client specifications and competitive pricing. Since our inception, we have been in line with the guidelines set by various research institutions in this field, which have enabled us to strengthen our dedication towards detailing, cost effectiveness and other such challenges, which has come a long way while manufacturing our array of products. These **Sheet Metal Component and Heat Sinks** find application in diverse industries and thus, we maintain a huge stock of these products to enable us to meet the specific requirements of the clients at any given point of time. Our products speak for themselves in term of quality and durability and conform to the same. The success and growth of our company is solely attributed to our mentor **Mr. Sandeep Kgund (Owner)**. He has initiated to establish this company...
