Trader of agro commodities, metal and minerals.

About Us

To meet the demands of agro products, we, S.K Farms, were established in 1995. Since the foundation, we have remained committed to meeting our clients requirements with quality assured products and services. With a wealth of experience and leading market know-how, we have established an enviable position as one of the leading exporters, traders, suppliers, and importers in this domain. With an experience and expertise of years, we have become a popular name in the market for supplying a wide gamut of products such as Agro Commodities, Fruits, Minerals and Metals. Backed with an extensive industry experience and rich expertise, our talented team of employees works in coordination with our vendors and clients to deliver an excellent output in the market. Thus, ensuring a streamlined management system, we are able to offer value for money in market.
