## About Us

None more so than our client collection service. By partnering with Logistics, SM Enterprises schedules its collections across the Maharashtra to result in minimal transportation mileages and the lowest environmental impact possible. All this – and at no extra cost to the client. We collect equipment, which can include medical, industrial, CCTV and retail IT or electrical products. From phone systems to digital video recorders, we have the skill and expertise to provide a credible and secure IT asset disposal and recycling service.
