About Us

VJ Instruments is comprehensive solution provider in college pharmacy practical & industrial equipments. "Quality & hard work together always score more" As a result towards quality with hard work, today VJ Instruments recently launched an innovative product i.e. advanced version of Kymograph with new gear box & microprocessor controlled program. It has been patented (Patent Pending) by the company. This instrument is designed to help for better results & more steadiness in practical. Apart from quality, we have strong faith in "Better Customer Relations And Satisfaction". For us, customers are not only the source of our business, they are purpose of it. So, it is our moral duty to build everlasting relations with you and provide the best quality and services according to your utmost level of satisfaction. With God's grace and your appreciable cooperation, we have been maintaining this approach from the very first day of our working. Manufactured with extra features and advantages so that our customers get more benefits than that of any other brands in product parity. All of our efforts are only for our precious customers. As you being the member of VJ Instruments family, your valuable suggestions & comments are always valued & welcomed.
