About Us

SMD Pump & Engineering India (P) Ltd. came into existence in the year **2012** as a **Private limited company** firm in the industry. With our operational head office located at **Chennai, Tamil Nadu (India)**, we are engaged in the business of **manufacturing** and **supplier** of different pumps. Our product range comprises of **Water Pump Accessories, Centrifugal Pump, Gear Pump, Submersible Pump** and many more products. We are also service provider of **Repair Service**. We have gained excellence in our different domains and always satisfy our clients from our services. Our clients feel convenient with our services as we offer them different payment gateways like cash, credit card, online, etc. and shipment modes like cargo, sea or road to our clients. Our main focus is to offer the supreme quality product range to our valuable clients with an utmost commitment for timely delivery. We also offer customized packaging solutions and flexible payments methods to our customers which makes our trading convenient. **Mr. J. S Desai** has proved himself the backbone of the company. He is the **Managing Director** of the company. He never does inequities with the employees of the company and develops concrete solution for their problems. He handles all the challenges himself and provides the good results of the same. With his great supervision and effective decision making, our company is growing...
