About Us

SMGK Group was conceived in the year 2000 by our Founder Chairman and Group President Mr. Mohammed Ali Momin. The Group has its strong foundations in the rich and varied experience of Mr. Momin since 1970. The growing reputation of our business house has been built over four decades of trust across all our stakeholders.

With over 1 million square feet of development work to our credit in the financial capital of Mumbai, we take pride in including 1 lakh square feet of green spaces to usher in the best practices of eco friendly development. Our environmental friendly practices have not just carved a niche for ourselves, they have also served as benchmarks for the Indian Real Estate industry to look up to.

Our portfolio includes a wide spectrum of Redevelopment as well as new ventures within the realms of Mumbai Metropolitan Region. SMGK Group is keen to take up any opportunities to transform old and worn parts of our city to the best townships with all modern amenities.
