About Us

Snowman is the leading integrated temperature controlled logistics service provider operating across locations servicing customers on a pan-India basis. We have set-up our temperature controlled warehouses adjacent to cities with a large potential for sourcing and/or consumption of temperature sensitive products including the larger cities such as Mumbai, Chennai, Bengaluru and Kolkata. Our distribution network comprises primary and secondary transportation supplying, amongst others, to QSRs, retail outlets, restaurants and hotels within a city. Our integrated operations enable us to maintain the temperature integrity of the customers' products from the point of origin to the consumption point, which is critical for product quality. Gateway Distriparks Limited is our promoter and the largest shareholder. Snowman's investor profile also includes Mitsubishi Corporation, Mitsubishi Logistics Corporation, International Finance Corporation and Norwest Venture Partners VII-A Mauritius.
