About Us

'Speakwel' the name says it all. During the past two decades, this name has held, almost a sacred significance for all those having load full of capabilities, but lack of confidence. Speakwel is the institution which has rendered continuous dedicated service through ENGLISH SPEAKING COURSES, SPEAKTECH - Group Discussions, Interview Preparatory Course, Educational Workshops and courses structured for Foreign Examinations. Thus, we proudly claim the success in moulding the individuality of career seekers who were doubtful, homemakers who were shy, big bosses who lacked the power instinct, as well as ordinary men, who lacked the courage to become a face in the crowd. Now, we even send people abroad.
