About Us

Indian Distressed Debt space has evolved significantly since the introduction of Sarfaesi Act in 2002 which led the formation of Asset Reconstruction Companies in India. Today we are seeing active transactions of NPL portfolio between Banks & ARCs and it has become regular phenomenon. Private Equity Investors like ADM Capital and Clearwater Capital have been playing active role in corporate turnarounds. However the distressed debt market in India requires large pool of professional experts to increase the depth for matching its Asian counterparts like China, Korea, Indonesia, Thailand etc. where the investors have invested in Special Situation companies with large billion dollar funds. Timely infusion of capital with right guidance can help revive sick companies and with rapid growth of Small & Medium Enterprise segment in the past decade there is huge need of such professional help. Special Situation (India) Advisors P. Ltd. promoted by Ex-Arcil team intend to fill this gap by offering end to end NPL management solutions to the various players in the distressed debt space in India which includes Banks, ARCs, Private Equity Funds and Stressed Companies. Special Situation Advisors team consist of ARC professionals, Heads of Recovery Department of Large Public Sector Banks, Chartered Accountants and Analyst with offices in Mumbai, Delhi and Bangalore. The Company is offering pan India services with help of network of its associates.
