## About Us

We **Spectra Services** are known amongst leading **manufacturers** of Insect Window Screen, Insect Door Screen, Window Blind and Mesh Screen. The products we offer are designed so as to keep flying insects like flies and mosquitoes out and also to allow fresh air to circulate around the room. The range of our products acts as an effective filter against dust, pollen and other pollutants material. We are widely known as **Sole Proprietorship** based company. The discrete, modern and versatile system design allows our products to fit on most doors and windows. Besides these, the screen manufactured by our company is UV resistant and provides superior ventilation. The array of our products is used in mosquito proofing, agro shading and many more industries. Each product offered by us is manufactured from superior quality material, which is sourced from China, Japan, Taiwan and Spain. Two decades of spectacular success is adequate testimony of our company's product consciousness and infallible client centric approach. We have started our company in the year **1996** and today evolved into a multi dimensional entity with an array of products across the sector. We are manufacturing our products under our own brands Westway Systems, Euro Screens and Novello. Under the guidance of **Mr. Ismail Ahmed (Proprietor)** we have achieved a leadership position in the market and through continuous innovation, strong market presence and quality...
