Our company offers various analytical testing services to industries in Private and Government sector. We also offer consultancy services for setting up of laboratory, ETP designing & maintenance and undertake environment related issues.
About Us

DNG Technologies Private Limited was established in the year 1995 with an objective to provide precise and accurate testing services. As Spectro completes 15 years this May 2010 we feel proud in sharing that during this span of 15 years Spectro has played a pioneering role in creating for itself a globally recognized position in the field of material and analytical testing. Starting as the first lab in the country to give Direct DNG analysis of metals, today it has created capability to test and inspect all Engineering Materials, Building Materials, Minerals, Food & Agri Products, Rubber & Polymers, Coal, Coke & Petroleum Products and Environmental Monitoring. The strength of the group lies in its dedicated, multi discipline professionals, expert and experienced governing board, innovative management and labs equipped with the most sophisticated equipments/instruments. DNG culture is grounded in integrity and respect. This means holding the highest standards of ethical business culture. This reputation for adhering to these standards has created a faith in its customers and helped in maintaining an unbreakable bond with more than 8000 clients. For the next decade it has plans to become the largest player in this testing segment in India. It has plans to enhance our services in the field of Geo-technical, Exploration, Welding, Clean Development Mechanism, Mining, and Environment etc. It is the only lab in this part...

FIRE & FLAMMABILITY TEST EQUIPMENTS

Smoke Density Chamber

Horizontal Flammability Test Chamber

Oxygen Index Test Module

UL 94 Flammability Chamber
COAL TESTING EQUIPMENTS

- Fully Automatic Oxygen Calorimeter
- Digital Bomb Calorimeter
- Fully Automatic Oxygen Calorimeter with Touch Screen
- Manual Oxygen Calorimeter
ENVIRONMENTAL EQUIPMENT

- Uniphos Gas Detector Tube
- Gas Detector Tubes
- Gas Detector Tubes
- Indoor Air Quality Monitor
OTHER PRODUCTS:

- Lateral Flame Spread Apparatus
- Benchmark Bomb Calorimeter
- High Volume Sampler
- Universal Testing Machine
OTHER PRODUCTS:

- Compression Testing Machine
- Cyclic Corrosion Test Chamber
- UV Chamber
- Kitagawa Gas Detector AP20 Sampling Pump
