We are a reputed manufacturer and supplier of cute Kids Toys. Safe for children, our product range is non-toxic and widely demanded across various play schools, creches and kindergardens.

About Us

Established in the year **1973**, we “**Spedage Corporation**”, are a known name that manufactures and supplies an array of attractive **Kids Toys**. This assortment is preferred by customers due to their different color combinations, adroit designs, striking features and accessories coupled with long functional life. We have an unwavering commitment towards quality and thus ensure that toys are made using non-toxic material. Also, finesse in designs, flawless finish and careful packaging bears a hallmark for our products. Due to these reasons, our products are demanded by **play schools, creches** and **kindergardens**. We have the collective support of around 500 staff members, who play an instrumental role in the success of this organization. They have good customer dealing skills and perfection in various production methods. In addition to this, we can tailor design the entire product range in various colors, shapes and sizes, as preferred by our esteemed customers. Monetary transactions can also be made through easy payment terms by clients. We assure to deliver the consignments all across the **Indian Subcontinent** within the stipulated time frame. Our mentor, **Mr. Vijay Jain**, has a magnetic personality and is proficient in market strategies. He keeps the team closely knitted and encourage the efforts made by them, which in turn help us to grow as an organization.
