

# S.p Tools Company

<https://www.indiamart.com/sptools-co/>

Retailer of drills and ground thread taps.

## About Us

For the past three decades, S.P. tools has been supplying tools which are the integral parts of all industries. Established in **Mumbai** -- the commercial capital of **India**, we have slowly but steadily spread our wings all over the country. With our branches and dealers in various parts of India it allows us to reach our esteemed clientele wherever they are. And only because of a satisfied and long lasting relationship with our customer s have we been the vanguard of the tools industry! Our wide range of hi-quality tools include **Precision Measuring Instruments** for metrology, **Metal Cutting Tools**, **Tool Room accessories** like **Surface Plates**, **Garage Tools** such as **Torque-wrenches**, **Socket Sets**, etc. of renowned brands from all over the world.

Also, because of our vast experience and readily available resource; we are geared up to supply special tools too, as per the drawings and specifications of clients.
