We are a reputed organization engaged in manufacturing and supplying a range of **Bottle Caps, Measuring Cups and Spoons & Bottle Pourers**. These are known for their longer functional life and reliability.

About Us

Established in the year **1998**, we “**Sri Sai Baba Products, Hyderabad**”, are involved in manufacturing and supplying a wide assortment of **Bottle Caps, Measuring Cups and Spoons & Bottle Pourers**. The product range offered by us is recommended by our clients for its resistant to heat and temperature, superior designs and durability. Owing to their numerous advantages, these products find wide application in brewery, cosmetics to measure the quantity of liquid. All our products are manufactured using advanced technology and heavy machinery. Furthermore, we procure the raw material from authentic vendors to ensure the superior quality of finished products. The team of our diligent professionals tests these products on different parameters at our testing unit. Considering the need and demands of various industries, we also provide customization of our vast product range. The logistic experts hired by us ensure timely delivery of the consignments within the limited time frame. Under the dynamic leadership of our mentor “**Mr. D. S. Raju**”, we have scaled new heights in this business. We have achieved progressive growth by seeking help from his in-depth knowledge and vast experience.
