About Us

SS Traders was incepted in the year 2015 and offers consumer shopping experience for the largest collection of products needed by businesses, factories, offices and laboratories. We are going ahead as a famous **Manufacturer, Trader** and **Exporter** of excellent quality Hand Tools such as **Hand Tools, Socket Sets, Plastic Tool Box, Allen Key Set** and **Wrench Set** etc. Our clients can trust in the flawlessness of quality as we manufacture our entire range in keeping with the existing industrial norms. The offered products are manufactured at our hi-tech production unit using the superlative grade raw material and sophisticated technology. Our sky scrapping growth and success is due to the hardwork of our efficacious workforce. The team is an inherent fraction of our organisation and they heighten their competence on an execution of their individual responsibilities with absolute obligation and accomplishment. Our expert research and development personnel conduct scrupulous market studies and they suggest innovative measure improve the quality of our components and upgrade our production methodologies.

Under the proficient guidance and directions of our mentor, "**Mr. Sumit Jangid**", we are able to attain the maximum liking of our precious clients that are spread all across the nation. His knowledge of the industry and experience also help us position ourselves on an unparalleled position in the industry.
