About Us

Standarditech is a global leader in consulting, technology, and outsourcing solutions. As a proven partner focused on building tomorrow's enterprise, Standarditech enables clients in India to outperform the competition and stay ahead of the innovation curve. We provide enterprises with strategic insights on what lies ahead. We help enterprises transform and thrive in a changing world through strategic consulting, operational leadership, and the co-creation of breakthrough solutions, including those in mobility, sustainability, big data, and cloud computing.

In a rapidly changing environment, organisations need systems which perform consistently and provide stability, are flexible for upgradations, and are scalable to meet their future needs. Abacus provides proprietary products and solutions that allows us to customise implementations to your specific needs. We are not dependent on vendors for source codes. Our steadily evolving customer base in every segment is a symbol of our staying power and domain knowledge in the areas we operate in. We have consistently added two new proprietary products/solutions to our suite every year.

Our people make us different! For over a decade and a half, since our inception in 2014, we have been passionately working with a common purpose – to maximize the operational efficiencies of our clients, bring in better results, and unlock their growth potential.

Synergizing our operational expertise with our...
