About Us

With a global footprint spanning 75 countries, Sterlite takes pride in connecting and empowering lives. From our humble beginning two decades ago, to becoming one of the world's leading & India's only vertically integrated company, Sterlite Technologies is today, a leading global provider of transmission solutions for the Telecom & Power sectors.

Sharing a common lineage with Vedanta Resources Plc, Sterlite is among the global leaders in optical fibres, fibre optic cables, power conductors and HV / EHV power cables, through its operations in India, China & Brazil. Sterlite is developing several network projects across India, including secure communication network creation in Jammu & Kashmir for the Indian Army (NFS), enabling BharatNet, establishing urban high-speed fibre to the home (FTTH) networks and multiple interstate ultra-mega power transmission projects.

Listed on BSE & NSE, Sterlite Technologies is a public company with a broad shareholder base.
