About Us

Welcome to Studio Splash Studio Splash was co-founded by two passionate photojournalists with a vision to revolutionize wedding photography, Praful Mehta & Abhishake saw an opportunity to leverage his background in photojournalism, direct-to-consumer marketing and technology.

At Studio Splash, our primary objective is to provide superior quality Functions, Commercial, Interior, Fine art, Industrial & Fashion photography. We believe whole-heartedly that every client and every work by extension is unique. Because of this strongly-held belief, we take time to understand our clients' vision for their day and their unique style. We then use that information to match clients with one of our extraordinary photographers. We can't provide exceptional photography without exceptional photographers.
