About Us

At the outset I am extremely indebted to the Life Insurance Corporation of India which adopted me as an insurance advisor and has been constantly & regularly providing me with extremely helpful hands in the last 4-5 years of my agency career not only at my parent branch and division but across the organizational spread as and when I needed the required support and guidance. I am also extremely grateful to my mentor & guide who gave me the first opportunity to introduce myself to this wonderful world of life insurance. I am extremely thankful to all my customers who have reposed faith in my abilities and have been still associated with me seeking financial solutions and advice. I would also like to express my gratitude to my Team who have constantly been a supporter to my entire activities and actions during my journey to success. And above all I am thankful to the Almighty who has kept me hale & hearty in my journey on the earth and has given me an opportunity to serve the families of the bereaved at the time of great financial need.
