Suman Fashions

<https://www.indiamart.com/sumanfashions/>

We are one of the leading Manufacturers and Exporters of a wide range of Leather Products. Owing to voguish designs, attractive patterns and fine finish, these are widely demanded across the globe.

About Us

We, **Suman Fashions**, are counted among the industry leading manufacturers and exporters of a stunning collection of **Leather Products**. These stylish and durable products are widely appreciated by the fashion conscious clients, based at various parts of the globe. Being facilitated with a state-of-the-art infrastructure, we are able to fulfill the bulk requirements on time. The infrastructure is divided into various segments such as designing unit, manufacturing unit, quality testing unit and a capacious warehouse. All the units are well equipped with modern machines and latest technology. We stringently test all the finished products on various parameters to ensure that these are at par with the international quality standards. Our organization has earned a good repute in the industry owing to fair client dealings and ethical business practices. This has enabled us to build and maintain cordial relations with the clients. The catalyst of our rapid success is our talented workforce. Leveraging on the expertise of our experts, we have been sufficiently meeting the ever increasing demands of the leather articles in the market. Our innovative ideas, client centric approach and passion for excellence have enabled us to get a prominent place in the domestic as well as global market.
