We are the manufacturer & supplier of superior quality Cutting & Service Tools, Jigs, Fixtures, Gauges, CNC Machined Components & SPM & GPM Machine Tools. These products are appreciated for their rigidity & durability.
About Us

An ISO 9001-2008 & TS 16949-2009 certified, Sunrise Tooling Systems (P) Ltd was established in the year 1980 as a small tool room. Today, we have the state of art inspection, design and manufacturing department which provides solution to the customer in the field of cutting tools, jigs, fixtures, gauges and CNC machined components with the promise of superior performance and long run durability. We have implemented rigorous quality checking systems which ensure our products with zero error.

Lead time (Manufacturing & transit) and profits are shrinking today, therefore good quality products with reduction in the cost of manufacturing is in sharp focus. We support our customers in their efforts towards cost cutting and cycle time reduction to meet their targets effectively. With the advancement in technology in the metal cutting operations and industrial as well as automobile parts, we have equipped ourself with technical know-how and latest manufacturing facilities to provide the appropriate solution to the customer. Over the year our success has far surpassed any expectation our clients have ever envisaged on us. We are determined to provide the most precise and optimum solution to our customer.

Under the able guidance of our Managing Director, 'Mr. SK Jain', we are successful in becoming a leading organization in this domain. His expertise in this domain and in-depth knowledge have helped us in maintaining the...
