We are one of the leading manufacturer, exporter and supplier of a wide range of organic chemicals. These chemicals are appreciated for their purity, non-toxicity and accurate composition.

About Us

Established in the year **2001**, we at **Sunrise Corporation, Ahmedabad** are engaged in manufacturing, exporting and supplying a wide range of organic chemicals. These are processed using quality ingredients and are in line with the industry standards. Our chemicals are appreciated for their purity and are carefully processed to achieve the accurate concentration level. Diverse industries like **paper mills, paint, steel, fertilizers, aerobatics and ink industry** widely use our range of organic chemicals in their applications. With the support of our sound processing facility and warehouse & packaging unit, we have been able to produce quality chemicals and assure their timely delivery. The production plant is fitted with latest machines that enable us to attain a notable production capacity of **5 M.T. per month**. Further, our capacious and well-managed warehouse houses our organic chemicals properly. Moreover, our packaging schemes as well as **outsourced and domestic transportation facility** help us in delivering the chemicals to the client's side without any hassles. We are prevailing as an prominent manufacturer in this sphere under the mentoring of our founders **Mr. Prijesh D.Patel and Mr. Samir D. Patel**. Their combined efforts and in-depth knowledge of the industry has made us the preferred choice of our domestic as well as international clients.
