## About Us

Established in the year **1987**, our company "**Supertech Equipment**" has been engaged in the sphere of retailing **Stainless Steel** and **Mild Steel** based **Industrial Process Equipment**. We have set up new benchmarks in the industry and our services have been appreciated by our clients across the nation. Our latest manufacturing unit is equipped with modern machines, based on new innovative technology. It enables us to develop our range of conveyors, pressure vessels and other equipment with cutting edge technology. Further, we are backed by efficient team of technocrats, engineers and service executives, which assists us in undertaking various fabrication job works based on stainless steel and mild steel. We provide complete service including erecting and commissioning pertaining to various chemical process equipment, food industry equipment, confectionery machinery including conveyors and dairy equipment. Our company is a quality conscious organization and never compromise on the same in order to provide optimum satisfaction to the large clientele. We have a separate quality testing unit where our expert quality controllers examine the equipment on various quality parameters. Moreover, we make sure that our range of equipment is fabricated as per the national and international quality standards.
