About Us

Supreme Micro Mineral Private Limited was established in the year 2008. We are the leading Manufacturer And Supplier of Calcite Powder(Caco3), Ground Minerals. Our products are highly reckoned in the market for varied features like long shelf life, quality and reliability. We source our products from trusted vendors who utilized finest grade raw material and boulders to manufacture the product range. Our vendors utilize the inputs from modernized machines and cutting-edge tools to ensure that range offered is in line with existing market trends and customer demands. Our procurement agents work in close coordination with our vendors and ensure that superior grade product range is sourced from the customers.

To assure quality of products, we have an in-house quality control facility that is installed with latest testing equipment. Before making final dispatch, our products are put through a series of quality checks to ensure flawlessness and superior quality. Owing to fair practices and transparent business dealings, we are able to render maximum satisfaction to our clients across the nation.
