Supreme Devices Private Limited

<https://www.indiamart.com/supremedevices/>

We are the largest **Manufacturer, Supplier & Exporter** of **Plastic Cutlery** in India. We use computerised Injection molding & packing machine to make the product perfect.

About Us

Established in the year **1997**, we, “**Supreme Devices Private Limited**”, are a reputed firm engaged in manufacturing, supplying & exporting of **Medium and Heavy Weight Cutlery**. Our products are widely acknowledged for various attributes like smooth edges, perfect finishing, light weight and easy usage. Moreover, these are widely used for parties, picnics and other special occasions. We have been able to develop long term professional relationships with all our esteemed customers. Owing to the large production capacity, we have a total output of more than **700 million** pieces of **Plastic Cutlery** per year. All our products are thoroughly inspected before delivery to the clients. We also assure timely delivery of the products at the most economical prices. Furthermore, The orders for 10 cartons and even larger orders of multiple 40 High Cube Containers and efficiently handled by us. We also have a competitive edge, owing to our own plastic molding factory, well equipped with latest micro processor controlled Injection moulding machines, as it gives us an advantage in product manufacturing. We have an in house state of the art tool (mould making) room facility equipped with fully computerised machines. Lastly we use sophisticated automatic packing machines to give out world class products to our customers. These factors have helped us in successfully meeting the requirements of a large number of clients....
