<https://www.indiamart.com/swamynursery-florist/>

We are leading Growers and Suppliers of a wide variety of House Plants, Medicinal Plants, Garden tools, Organic Tools and General Fertilizers. For ensuring quality, the solutions are offered by our team of experienced Horticulturist and Gardeners.

About Us

Established at Bengaluru, Karnataka, India, we “**Narayana Nursery**” are one of the leading growers and suppliers of House Plants , Medical Plants,Garden Tools that can be offered by us in widest variety available in terms of flower colors, indoor/outdoor planting options and others. Apart from this, we also meet the demands of Plants, Organic Manuals and General Fertilizers. Our business operations are led by **Shri. Muni Reddy**., who has with him extensive experience in the Horticulture industry. His visionary business approach as well as due support provided by our team of experienced horticulturist and gardeners also ensure that the best possible quality Plants, Shrubs and other associated products are made available from our end. Today, our consistent business approach towards meeting the varied Plant Nursery requirements as demanded by our greenery conscious customers has helped us to emerge as a leading name in our industry sector. Further, our capability to offer end solutions at competitive prices as well as capability to offer prompt support services has also helped us to emerge as a leading name in our industry sector.
