We believe in providing technology solutions for the customer's need to monitor and measure the quality of ambient environment.
About Us

Swan Environmental Pvt. Ltd. is a private limited company which forayed into business in the year 1987. Our organization is an expert in manufacturing, supplying and exporting of Aquaculture Equipment, Agriculture Equipment, Monitoring Equipment and many more. We are an expert in delivering the products which need great level of accuracy, as they are used in various industries which demand great precision. We have an experience of more than 30 years which helps us to deliver the products which are highly appreciated around the globe. Our products have huge applicability and usage. These products are used in various sectors which include environment, health, safety and water quality. We have separate division which takes care of providing products catering to the needs of pharmaceutical, agriculture, food & feed technology. We understand the needs of all these industries and carry out our manufacturing functions accordingly.

Swan Environmental Pvt. Ltd. has achieved formidable position in the market and we are moving ahead on the path of success under the exemplary guidance of Mr. V. Girish (Assistant Manager). He has vast knowledge, owing to which he is able to take care of so many departments without much effort. He can be seen inspecting so many departments with absolute deftness and his ability to work hard is a great moral booster for the entire team.

Our entire range is...

ONLINE AIR QUALITY MONITORING SYSTEMS

- Continuous Black Carbon (BC) Analyzer
- Online Syngas (Synthesis Gas) Monitoring System
- Shipboard Weather Monitoring Station
- Aviation Weather Monitoring Systems (AWOS)
ONLINE EMISSION MONITORING SYSTEMS CEMS

Continuous Emission Monitoring System

Slip Gas Analyzer - NH3, NO, O2

NDIR Based Emission Monitoring Systems

CVAF Based Mercury Monitor for Stacks
ONLINE WATER QUALITY MONITORING SYSTEM

Real Time Water Quality Monitoring

Open Channel Flow Velocity & Level Meter

Coastal / Sea Water Quality Monitoring Probes

Effluent Water Quality Monitoring System
WATER QUALITY INSTRUMENTS

- Total Organic Carbon (TOC) Analyzer
- Conductivity TDS Temperature Meter
- Biological Oxygen Demand (BOD) System
- Drinking Water Analysis
PARTICULATE MONITORING INSTRUMENTS

Portable Environmental Particulate Air Monitor

Portable Aerosol / Particulate Counter

Portable Particle Counters

Piezobalance Dust Monitor

Our Product Range
Ambient Air Quality Monitoring Instruments

- Speciation Samplers
- All-In-One Sonic Weather Station
- Noise Monitoring System
- Portable VOC Analyser
PHYSICAL EXPOSURE MONITORING INSTRUMENTS

- Noise Dosimeter
- Heat Stress Monitor
- Sound Level Meters
- Vibration Analyzer
CHEMICAL EXPOSURE MONITORING INSTRUMENTS

- Personal Air Samplers
- Personal Real-Time Aerosol Monitor
- Realtime Wearable Particle Sensor
- Compressed Breathing Air Quality Monitoring Kit
OTHER PRODUCTS:

Online Biogas Monitoring System

FTIR based Stack Emissions Monitoring Systems - SO2, NO2, CO, CO2, NH3

Real-Time Ground Water Level Monitor

Portable Water Analysis Laboratory Spectrophotometer
OTHER PRODUCTS:

- Toxic Industrial Chemicals Analyser
- Radiation Meter
- Flow Calibrators
