About Us

Swastik Glass & Aluminium is one of the eminent Suppliers in the local and domestic market. We are offering an array of Aluminum Products fabricated using superior quality factor inputs sourced from reliable vendors. These are used to manufacture Aluminum products enabling them look new for a long period of time, due to their durable polish and flawless finish. The longer service life provides firm positioning and adds beauty to any place. We are able to offer a comprehensive range of aluminum and glass extrusions such as Aluminum Sliding Windows, Room Partition, Aluminum Doors, Folding Sliding System and Double Glazing Windows. In addition to these, we also offer Structural Glazing and Aluminum Composite Panel. Our products are appreciated for being telephone section, Z section and corrosion resistant, durable and light weight. All the windows and glazing that we manufacture are stringently tested for thermal insulation, durability and perfection in design. We hold expertise in customizing the products on the basis of shape, size and design and color combination. Owing to the features like economical prices, ethical business practices and transparency in dealings, our organization has been successful in expanding its client base. We own an Aluminum powder coating plant which helps in increasing the resistance and tensile strength of our aluminum products. Also we have Anodizing plant with Color which is the second stage of process which provides a flawless finish to our...
