

Syeed Enterprise

<https://www.indiamart.com/syeedenterprise/>

Syeed Enterprises is one of the leading traders & suppliers of building materials like clay bricks, silver stone and natural stones from India. We supply our products which conform with industrial quality standards.

About Us

We have set our parameters to provide quality approved materials of construction and setting new paradigms for the industrial specifications of our clients. A year of hard work and quality service has set our trend in the market as a leading trader and supplier of construction material. Our mentor and founder Mr. Md. Abu Syeed, a dynamic entrepreneur with inherited skills has enabled us to climb the ladder of success and garner a huge clientele across the market. The in-depth knowledge of the process and technical expertise of our professionals from processing to services, quality percolates through every nook of our work. Cost effective and high quality adhering construction products have been our forte since inception of Syeed Enterprise. Our team of professionals works according to the specifications provided by the clients to achieve complete customer satisfaction. We have managed a wide distribution network that helps us in delivering our consignments within the committed time frame. These products offered by us are designed in compliance with international quality standards & norms, and are manufactured using superior quality raw material, which is sourced from certified and authorized vendors of the market to ensure long term reliability and durability.
