About Us

TAG11 The Team of Experts comes in existence in early days of 2006. We are the India?s emerging standalone Software and website developers. It entered the global market with a vision to mark its presence amongst the market leaders by providing best services, prompt support, strong project management and last but not the least its well-trained Technical team which dares to dream beyond limits. We never say ?no? as we believe the word Impossible itself impossible. TAG11 offers distinctive web services and software solutions to its global clientele. Our expertise, hand-picked competent brains and the in-depth understanding of our clients' enterprise enable us to provide business-oriented web services and solutions that use proven technologies and methodologies. The real strength of the management team lies in the entrepreneurial spirit, which enables them to handle rapid changes in the environments and technologies. TAG11 with its built in flexibility and adaptability is in a position to offer complete business solutions in a cost-effective manner to suit the demanding needs of the industry. TAG11 measures its success by the amount of trust that it has built with the client base spread across the continents. We work with customers across a range of industries to provide technology based products and services. * Website Designing & Development * Web hosting / Domain Name Registration's * Application/Software Development * Multimedia Solutions * Search Engine Optimization *...
