About Us

Tamil Nadu Newsprint and Papers Limited (TNPL) was established by the Government of Tamil Nadu during early eighties to produce Newsprint and Printing & Writing Paper using bagasse, a sugarcane residue, as primary raw material. The Company commenced production in the year 1984 with an initial capacity of 90,000 tonnes per annum (tpa). Over the years, the production capacity has been increased to 2,45,000 tpa and the Company has emerged as the largest bagasse based Paper Mill in the world consuming about one million tonnes of bagasse every year. The Company completed a Mill Expansion Plan during December 2010 to increase the mill capacity to 4,00,000 tpa.
