# Target Sales

<https://www.indiamart.com/targetsales/>

We are the leading Manufacturer, Exporter and Supplier of a wide gamut of Fibre Drum, GI Drum and MS Drum. Our offered drums are highly recommended all over globe for their spacious nature, extended durability and corrosion resistance.

## About Us

Inaugurated in the year **1999**, at **Vadodara (Gujarat, India)**, we “**Target Sales**” are known as the prominent **manufacturer, exporter and supplier** of high quality **Fibre Drum, GI Drum and MS Drum**. These drums are widely used in bulk drug, drug intermediates, chemical pesticide, dye intermediate, food industries and many other usages. Our offered drums are manufactured using fine quality raw material and latest techniques in complete compliance with the set universal norms. These products are highly acknowledged among customers for their robust construction, smooth finish, spacious nature, corrosion resistance, accurate dimension and easy to clean. Offered products are offered in variegated dimensions, sizes and other related specifications as per the variegated needs of customers. Products offered by us are sternly tested on variegated norms as per the different needs of patrons. Apart from this, these products are easily available for our valuable customers at the most reasonable rates.

With its manufacturing capacity of 400 drums per shift, we have constructed a well-developed infrastructural base that sprawls across a wide area of land to design quality assured products. This infrastructural unit is outfitted with latest technology and Japanese machinery that enable us in undertaking bulk orders of our patrons without any delay. Our vast infrastructure is divided into different sections for smooth business...
