

Tarunkumar Industries

<https://www.indiamart.com/tarunkumar-industries/>

Our organization is one of the reputed names engaged in processing and supplying industrial chemicals. The extensive array of products is demanded for its accurate composition and purity. Manufacturer of copper sulphates, copper ingot etc.

About Us

Established in the year, **2007**, we, “**Tarun Kumar Industries**” are amongst the established processors and suppliers of **Industrial Chemicals**. The products are accurate in composition, stable in nature and highly effective. We have a quality testing unit, where the drugs are processed and tested well before being offered to our customers. Our organizations ensures that all these products are approved by the concerned regulatory bodies. The products manufactured by us are appreciated by our clients for their effective results. With years of experience in this industry, we have gained immense appreciation due to our ability to meet bulk orders of the clients. We ensure that the products are timely offered to our clients, for which we have developed an effective distribution network. Moreover, we also provide simple payment modes to our clients such as **Cash, Cheque, RTGS**. Our enterprise is headed under the guidance of our owner, “**Mr. Anil Patel**”, who has remarkable position in this domain. It is with his experience and valuable support that our organization is progressing constantly.
