About Us

Knowledge, technical innovation and teamwork are at the center of who we are. During the entire history our existence, we have focused on leveraging these assets to deliver solutions that improve customer performance.

As a knowledge firm focused towards delivering state of the art solutions to the Architectural, Engineering & Construction [AEC] Industry, we differentiate ourselves by providing Information Technology [IT] solutions that facilitate real-time collaborative project management & informed decision making.

Leveraging IT to solve complex project control & coordination challenges offers enormous opportunities to us to enhance efficiency and productivity of our customers.
