

# Techmates Technologies

<https://www.indiamart.com/techmates-technologies/>

We are prominent service providers of a range of IT Solutions. Our high value technology service affords top IT industries the ability to implement the system solutions they need to run their business.

## About Us

Established in the year **2006**, **Techmates Technologies** has attained a top reputation in the market for providing a wide range of IT Solutions. Our offered range of services include Server Management, System Integration and IT Infrastructure Solutions, among others. Besides serving top IT industries, we are serving non-profit groups, small-to-medium sized businesses, government offices and the educational sector. Through our services, clients are decreasing Total Cost of Ownership (TCO) on their technology and improving their overall Return On Investment (ROI), besides cutting costs on their hardware and software licenses and minimising IT infrastructure risks. Moreover, we are also offering customised solutions to our prestigious clients, who can avail of our expertise at affordable prices. These are some of the reasons why we've amassed a vast clientele that includes IT giants Linux, Citrix, HP, Dell and Oracle.

We have empowered our organisation with the best professionals, computer engineers, designers and other skilled experts – who work in cohesion and provide world class solutions to our esteemed clientele. In order to improve the quality of our offered services, we value the feedback of our clients. Moreover, we have set up a modern infrastructure facility with latest technology systems, which in turn help us maintain our efficiency.

With an array of industries providing IT solutions, it wasn't easy to create our...
