## About Us

Although relatively a new concern, we "**Tecknode Packaging Solutions Pvt Ltd**" have made mark in the field of packaging material industry. Established in the year **2009**, we are engaged in manufacturing and exporting of packaging materials and machines. These products are well known for durability and tensile strength. The materials used in the fabrication helps in safeguarding the packaged product against damage and breakage. Moreover, the range offered by us is tested on various parameters to ensure that there are no flaws and defects. Innovation, performance and sustainability are some of the key factors that have enabled us to us offer world-class products at affordable cost. We offer **Packaging Products & Machines like Angle Boards, pet / pp straps, packing machines, stretch & shrink film, pneumatic nailing gun, steel strapping & seals, gunny plain & poly coated.**

Over the years, we have been constantly meeting the packaging needs of our clients around the world. Unique marketing expertise coupled with innovation has enabled us to garner a huge client base within a short span of time. With this kind of success, we have started venturing into new geographic locations to market our products.

The organization is led by "**Mr. R Dhanasekar**", who has years of experience and unmatched expertise to his credit. In order to maintain the good name...
