About Us

Teleios Automation & Engineering Services India Private Limited, in a way, pioneering the industrial service revolution by coming up with one stop solution for projects, machines & training. TAES has been established in India **since 2012**. The company mainly deals with automation and commissioning projects, plant AMC, Machining tools sales, Automation training and encourages any innovation module bringing value addition to technicality. We have a vastly talented pool of engineers with minimum 7 years of experience from a variable section of Industry to cater most of demands arising from machinery & process control sections. We are currently based at Noida through which we offer services to Delhi & NCR, and other Northern states. We also have Engineers based at Chennai & Bangalore who handles Southern region. Vast exposure to processes and applications gives us the edge to concur all challenges arising out of constraints. We are also the Authorised Dealer of Dress Werkzeuge, Germany who manufactures Saw blades, Routers, Cutters & other tools for Aluminium, Steel & Upvc fabrication machineries. Our tailor made practises for Service and AMC bodes well for machineries across the board for those who believe in pro-activeness rather than being reactive. Our indigenous facility provides the scope to look for in house solution to most of the problems coming out of modern day service by repairing or suitably replacing the...
