Manufacturer of power transformers, distribution transformers etc.
Manufacturer of power transformers, distribution transformers etc.

About Us

Incorporated in 1972, **Tesla Transformers (India) Limited** has consolidated its position in the Indian Transformer Industry as a manufacturer of a wide range of transformers, which conform to the quality expectations of both the domestic and the international market.

An ISO 9001 & 14001 & ISO 45001:2018 company today, Tesla has executed projects upto 220kV Transmission Lines and Substation. Now we have further expanded our facilities to manufacture transformers upto 100 MVA, 220 KV class & execution of turnkey projects upto 400 KV & 765 KV class.

After demerger of Tesla Transformers Ltd., Tesla Transformers (India) Ltd. was incorporated in January, 2017. Our installed production capacity is 5000 transformers (500 MVA) per month.
