We are an established manufacturer and supplier of an optimum quality range of Impregnation & Coating Plants. Our range is reckoned in the market for easy installation, corrosion resistance and non-abrasive nature.
About Us

Established in the year 1970, we, “Texpro Machinery Manufacturers”, are engaged in manufacturing and supplying a wide range of Impregnation & Coating Plants. In our product range, we offer Horizontal Dryer with Impregnating Plants, Vertical Dryer with Impregnating Plants, various types of Coating Machines, Industrial Heating and Drying Systems, Finned Tube Heat Exchangers, Fine Tube Radiators, Wood Seasoning Kiln Machine.

The products made available by us ensure more production, low maintenance cost, less fuel consumption and longer service life. Prompt after sales services for these products provided by us. Owing to the quality of our products, these find huge demand in Laminate and ply wood industries. Clients can avail these impregnation & coating plants from us in varied sizes and technical specifications as per their requirements.

The manufacturing plant of our organization is set up at G.I.D.C. industrial area at a plot of 2500 sq. meters. We are well equipped with all the latest manufacturing facilities, tooling and equipments that help us ensure machinery at par with international standards. During the initial years, we were totally engaged in production of textile processing machinery and textile related machinery. After studying customers’ needs and changing market scenario, we have concentrated on manufacturing horizontal and vertical impregnation plants with dryer for decorative...
