About Us

From very humble beginnings the group which established the Punjab Sweet House, at the dawn of the Indian Independence, took the next logical step of opening a restaurant named Kaveri in Ranchi.

Kaveri in no time became the most popular restaurant in the city providing affordable quality.

Kaveri's Catering Division was the next step to cater to offsite large functions and events.

Kaveri, a brand to reckon with continues to enjoy unstinted support of the citizens of Ranchi for over two decades now.

With the expansion of the city of Ranchi, Kaveri in the year 2009 opened its doors to a second restaurant to widen its reach.

The year 2014 saw Kaveri taking a step further, to open a whole new world of Banqueting and Conferencing, by launching Kav's, a destination for all your Banqueting, Parties, Meetings and Receptions. Spread over 32,000 square feet it is an ideal destination for all your catering needs with a centrally air-conditioned, all weather Banquet Hall, green open lawns and the expanse of open areas.

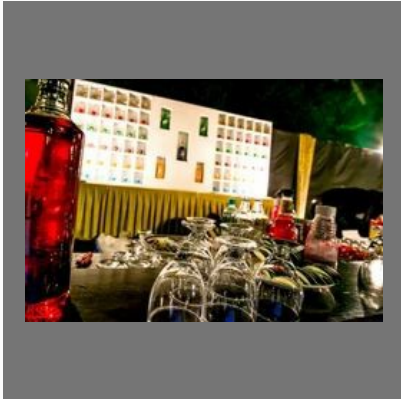

A restaurant attached to the KAV's offers dine in, home delivery to tickle your taste buds, carrying on the tradition of the group, known for their food quality and culinary skills. The group also manages a chain of boutique business hotels, Capitol Hotels.
