About Us

With the rapid strides in technology and telecommunication, the world has shrunk to such an extent that what was unheard of or incommunicado has become possible. However technological advancements without effective backing ends, infrastructure, leave a wide gap in effective communication. Incepted in the year 1987 with a sole mission of catering effective written messages, documents and cargo "The Professional Couriers" (TPC) have reached the pinnacle of being a truly professional courier company, having today the infrastructure for bulk cargo both nationally and internationally, with a strong work force and a network of offices spread globally. TPC have come a long way in providing total solutions for a broad spectrum from individuals to leading Public Sector Undertakings, Government Bodies, Corporates, MNCs, Educational and Financial Institutions . The real attribute to the success of TPC is its willingness to upgrade the systems with changing times and also to incorporate fresh and innovative ideas to make its presence felt. At Professional the sophisticated Hub-and-spoke system with ware housing and storage facilities, modern communication network and large fleet of transportation vehicles backed by dedicated team of professionals truly proves that their claim "We care.... for your valuables" is the quintessence of their business philosophy.
