About Us

We are India's first company to start door-step services for multi brand Smartphone and PC. In today's highly competitive world, our services are saving cost and time of our customers. Our services are aimed to feel the gap of service created by Electronic & IT hardware manufacturer in our country. Door-step services aside, today we are growing fast in each of our varied business lines, Web Designing & Development, Harware & Networking, Online Marketing, managed IT services, Placement services, AMC for business etc. We have also taken a pioneering effort to save our society from the hazardous effects of E-waste by collecting it from door on just a call.
