Manufacturer of suits, turkish towels etc.

About Us

We are amongst the pioneers in the field of textiles. Our organisation could be dated back to 1940's of the past century A.D. We started retailing business in textiles in the name and the style of M/s Deensha Silk Palace, which was later on changed (in early 1970's) to the present name M/s Deensha Selva Mahal from which our retail business is carried out. With the immense support from our customers, we have grown to our present stature. At present we have varied activities connected with the textile industry, besides retail distribution. Our present activities include, uniform material manufacturing, representing leading manufactures (branded items) and distributing to institutional buyers such as factories, hotels, educational institutions, public and private sector companies etc and also trading in branded garments and garment manufacturing as well. We have always been quality conscious and price effective, besides rendering excellent services. We look forward for your esteemed support to help us grow and achieve great standards in our industry.
